Independent Auditors' Report

The Board of Directors
Apex Securities, Inc.:

We have audited the accompanying statements of financial condition of Apex Securities, Inc. (the Company) as of December 31, 2004 and 2003. These statements of financial condition are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements of financial condition are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit of a statement of financial condition includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit of a statement of financial condition also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the statements of financial condition referred to above present fairly, in all material respects, the financial position of Apex Securities, Inc. as of December 31, 2004 and 2003 in conformity with accounting principles generally accepted in the United States of America.

Notes to Statements of Financial Condition

December 31, 2004 and 2003

(1) Nature of Organization and Summary of Significant Accounting Policies

(a) *Nature of Organization*

Apex Securities, Inc. (the Company) was incorporated on November 5, 1987 under the laws of the State of Texas and is a wholly owned subsidiary of Rice Derivative Holdings, LP (Rice). The Company is registered as a broker/dealer in securities with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. The Company participates in municipal bond underwritings, provides financial advisory services, and acts as a broker in securities. The Company trades on a fully disclosed basis through a contract with a clearing organization.

(b) *Liquidity and Capital Resources*

During 2004 and 2003, the Company had a net loss of approximately \$53,061 and \$27,441, respectively, increasing the total accumulated deficit to approximately \$494,743 as of December 31, 2004. Management of Rice, the Company's parent, has committed to finance the Company, through the issuance of subordinated debt, in order to satisfy cash and capital requirements for the foreseeable future.

(c) *Use of Estimates*

The preparation of statements of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statements of financial condition. Actual results could differ from those estimates.

(d) *Cash Equivalents*

The Company considers all liquid financial instruments with original maturities of 90 days or less and not pledged or otherwise restricted as cash equivalents.

(e) *Trading Activity*

Securities transactions and all related revenues and expenses are recorded in the accounts on a trade date basis. Municipal underwriting revenues and commissions are recognized when earned, which is generally on completion of the project. These fees are management's best estimate of amounts to be collected at settlement of the underwriting. Investment securities are reported at fair value. The fair values of investment securities are based on quoted market prices at the reporting date for those or similar investments. Any unrealized gains and losses are included in the statements of operations.

(f) *Federal and State Income Taxes*

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

APEX SECURITIES, INC.

Notes to Statements of Financial Condition

December 31, 2004 and 2003

The State of Texas franchise tax owed is the higher of a designated percentage of capital or a designated percentage of adjusted taxable income, payable annually. Although the franchise tax is paid subsequent to year-end, the portion of the franchise tax attributable to the Company's earnings is accrued in the fiscal year the earnings are recognized.

(2) Clearing Organization

The Company has an agreement with a clearing organization whereby the clearing organization performs clearing functions for all security transactions with brokers and dealers. The clearing organization required that a security deposit balance of \$100,000 and \$150,000 as of December 31, 2004 and 2003, respectively, be maintained by the Company. The deposit with the clearing organization is secured by marketable securities owned, bears interest at a rate determined by the clearing organization, and is due on demand.

(3) Income Taxes

Significant temporary differences that give rise to U.S. federal net deferred tax asset as of December 31, 2004 and 2003 are as follows:

	<u>2004</u>	<u>2003</u>
Deferred tax asset:		
Other	\$ <u>20,314</u>	<u>6,330</u>
Total gross deferred tax asset	20,314	6,330
Less valuation allowance	<u>(20,314)</u>	<u>(6,330)</u>
Net deferred tax asset	\$ <u>—</u>	<u>—</u>

A valuation allowance is provided for the deferred tax asset as management believes it is more likely than not that these assets may not be realized. During the years ended December 31, 2004 and 2003, the Company's valuation allowance increased by \$13,984 and \$1,704, respectively.

(4) Commitments

In the normal course of business, the Company enters into underwriting commitments and when-issued contracts which may have settlement dates several weeks after trade date. Revenues and expenses related to such contracts are recognized on the trade date. There were no open underwriting commitments at December 31, 2004 and 2003.

APEX SECURITIES, INC.

Notes to Statements of Financial Condition

December 31, 2004 and 2003

At December 31, 2004, future minimum rental commitments on such leases are as follows:

Year ending December 31:	Amount
2005	\$ 55,497

	<u>\$ 1,920,257</u>	<u>1,942,757</u>

The subordinated borrowings are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

(6) Minimum Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to computed regulatory net capital, both as defined, shall not exceed 15 to 1. Retained earnings may be restricted as to payment of dividends if this ratio exceeds 10 to 1. At December 31, 2004, the Company had net capital of \$642,756 which exceeded its required net capital of \$100,000 by \$542,756. The Company's ratio of aggregate indebtedness to net capital was 0.18 to 1.

(7) Related-Party Transactions

The Company has accounts receivable from an affiliate resulting from various transactions. The affiliate receivables of \$775,000 at December 31, 2004 are included in fees and other receivables in the accompanying statements of financial condition. No such fees were earned in 2003.
